

EMPLOYMENT OPPORTUNITY: FACULTY POSITION

Job title: full-time lecturer/researcher

The Department of Microbiology, Faculty of Medicine, Chulalongkorn University invites applications for a lecturer position in the field of bacteriology.

Successful candidate is expected to:

- teach and supervise MD, master's and PhD students in medical bacteriology
- establish and lead one's own research team
- deliver innovative research of the high international standard
- be granted extramural research funding
- supervise laboratory service in bacteriology unit for King Chulalongkorn Memorial Hospital

The requirements for the position are indicated below:

- Thai citizen
- Age \leq 35 years old
- PhD Degree in Microbiology (Bacteriology)
- Additional MD or Medical Technology degree is particularly considered.
- All qualifications should be obtained through regular full-time study.
- Write and speak English fluently
- No long-term job contract with other employers

Priority will be given to those who have outstanding results and a high level of experience from a postdoctoral position including substantial, international experience in the area of bacteriology as evidenced by publications in peer reviewed indexed journals. In addition, experience in teaching undergraduate and/or postgraduate students is preferable.

Applicants are required to submit their applications including a curriculum vitae, listing of the names and addresses of at least three professional references, and a statement of academic and research experience with description of research interests, future directions, and plan for contributions to Asst.Prof.Dr.Kanitha Patarakul, Department of Microbiology, Faculty of Medicine, Chulalongkorn University, 1873 Rama IV Road, Pathumwan, Bangkok, 10330. Telephone: (02)256-4132, Fax: (02)252-5952, Email: kpatarakul@gmail.com, Kanitha.Pa@chula.ac.th
